KEYNOTES

Geoff Smart on Hiring

Based on his *New York Times* bestseller *Who: The A Method for Hiring*

Geoff solves every manager's #1 problem: making hiring mistakes.

The stories and advice in Geoff's speeches draw from some of the most extensive research, interviews, and stories ever assembled on the topic of hiring talent.

1. What are the costs of making hiring mistakes?
2. Why are most people bad at hiring?
3. SCORECARD: How to create a blueprint of who to hire?
4. SOURCE: How to generate a flow of the best candidates?
5. SELECT: What to look for to pick the right one?
6. SELL: How to sell the ideal person on accepting a job at your company?

The session includes a significant amount of audience interaction including live demonstrations of the interview techniques, audience realtime Q&A, and simple "takeaway tools and templates" to help attendees maximize their company's financial performance and their own career success.

Geoff Smart on Government

Based on his *New York Times* bestseller *Leadocracy: Hiring More Great Leaders (Like You) into Government*

Geoff offers a solution to society's #1 problem (broken government), while giving business leaders an out-of-the-box idea to maximize their happiness in their next career. Audience members enjoy hearing behind-the-scenes stories from Geoff's time as leadership advisor to a governor, and get to participate in question-and-answer debates about provocative topics such as:

1. Why do great leaders avoid government?
2. How do the "3 As of Leading" help us identify, hire, and become better leaders?
3. How the adrenaline rush of "flow" can offer leaders from the private sector the adventure of a lifetime.

Business leaders are at risk of stagnating in their careers, leading to feelings of purposelessness, lack of meaning, and boredom. Governments need the skill-set that business leaders have. "Leadocracy," or government by society's greatest leaders, provides a win-win solution for leaders who want more meaning and fulfillment in their career, and for society that so desperately needs their talent in government.

Geoff Smart on Leading Teams

Based on his *Wall Street Journal* bestseller book *Power Score: Your Formula for Leadership Success*

"Are we running at full power?" Only 10% of teams run at full power.

Based on the largest database of its kind, Geoff shares insights into the three things that matter most. Audience members calculate their team's power score, hear from successes and failures of others, and gain valuable insights into how to improve their team's results.

1. PRIORITIES: Do we have the right priorities?
2. WHO: Do we have the right people who are on the team?
3. RELATIONSHIPS: Do we have the right relationships?
